Gabriel Diegel

Av. Grau 490 15074 Lima, Peru

Born: December 20, 1982 Nationality: German

Phone: +51912158986

email: gabriel.diegel@icloud.com

Currently

Software Engineer, Tekton, Lima, Peru

Specialized in

Software Development, Continuous Delivery, Automation

Skills

Programming languages

Java, Kotlin, Groovy, Python, R

Technologies

Spring Boot, Maven, Docker, JUnit5, Selenium Webdriver, Git, GitlabCl, Jenkins, GoCD, Grafana, Ansible, Kubernetes, PostgreSQL, InfluxDB, Azure

Experience

2019current Software Engineer Tekton, Lima, Peru

- Developed backend with Spring Boot for Peruvian bank
- Developed automated frontend acceptance test suite and integrated with CI for US client
- Developed automated backend acceptance test suite for new CMS for US client

2018-2019

Senior Test Engineer 1&1 Internet SE, Karlsruhe, Germany

- Developed modular test strategy and tooling for web-based frontend tests
- Developed and supported strategy and framework for integrating functional acceptance tests into company-wide continuous delivery framework
- Planned, executed and analysed performance tests for next-gen backend store architecture and Single-Sign-On solution
- Advised on and implemented metrics and data gathering approach, analyzed and visualized data in Grafana
- Supervised theses of graduate students
- Lead test automation guild

2013-2018 Test Engineer 1&1 Internet SE, Karlsruhe, Germany

- Developed acceptance test suites in Java for broad range of backend services using protocols like HTTP, SMTP, IMAP and POP3
- Developed declarative framework in Java for HTTP-based API tests
- Developed RESTful web service with Spring Boot for collecting metrics of deployed software artifacts

2010-2013 Test Analyst Atos Worldline GmbH, Frankfurt, Germany

- Analyzed and tested data reports drawn from large-scale customer data and transaction database
- Developed a CLI tool in Python for test data management extracting data from mainframe database, filtering and automatically loading into Oracle databases
- Introduced and administrated SVN server for QA team

2009-2010 Research Assistant Fraunhofer IPM, Freiburg, Germany

- Developed software for an automated particle detection system in Matlab
- Integrated a fast hardware-based data acquisition system

Education

Dipl.-Ing. (FH) in Electrical Engineering, Hochschule Karlsruhe, Germany
Thesis title: "Development of an automated image analysis software for a fluorescence-based data acquisition system for the detection of airborne microorganisms"

Certifications

• ISTQB Certified Tester: Foundation Level

Languages

• German: Native tongue

English: FluentSpanish: Fluent

Hobbies

Weightlifting, Writing, Cooking
